DIARY NOTES

25X1A

DD/S

25 October 1957

25X1A9a

1. Met with [REDACTED] concerning the FE Division's proposed Rest & Rehabilitation Program. Inasmuch as I still seem to be quite far from the DD/P position on this subject I requested Rex to obtain permission from the Deputy Director (Plans) to send the FE Division's proposed Program to General Cabell with the request that it form the basis for a general discussion as to what the Agency policy should be.

2. I approved of Shef Edwards sending a request for a \$50,000 contract with [REDACTED] to the Office of Logistics for execution. This has to do with the [REDACTED] surveillance program, and the Technical Services Staff has concurred.

3. Gordon Stewart reported that as of today we had received \$37,485 for the United Giver's Fund and \$3,197 for the Public Service Aid Society.

4. [REDACTED] reported that he had been in consultation with the PP Staff concerning the deactivation of the [REDACTED] units and that my fears were well founded inasmuch as the matter had not been staffed out properly nor completely tied down. He said that he thought it would be soon, however, and that he had advised [REDACTED]

25X1A9a

[REDACTED] that it should be followed closely since it was a PP Staff and not a DD/S responsibility.

5. [REDACTED] was up to brief me on the status of a paper having to do with ceiling controls for contract employees. Briefly, he would propose that contract employees in the field not be charged to ceiling; however, they would be so charged at headquarters unless they were a part of a project which, generally speaking, functioned from a location displaced from headquarters. I told him that this sounded alright to me and that he should go ahead and try to develop it.

6. [REDACTED] advised me that [REDACTED] was very bitter about the [REDACTED] case, that he felt he had stuck his neck out in order to discipline Mrs. [REDACTED] for her conduct on 20 September 1957, and that if nothing were done about it he would certainly feel very let down. Colonel [REDACTED] is on leave now and will return on Monday. I told J.R. to have him call me and that I would arrange to see him.
